

# GASKETS

## UHV COPPER GASKETS

### **UHV ALUMINUM GASKETS**

ULTRA-VAC\* UHV aluminum gaskets are manufactured from select .080" thick aluminum. This specially ordered material has been found to be particularly well suited for UHV gasket applications. Use ULTRA-VAC\* AVG series gaskets with R.J.M. aluminum Z-SEAL\* UHV flanges. Premium quality AVG series gaskets are shipped clean and vacuum packed in packages of 10.
