

OPTICAL MOUNTS

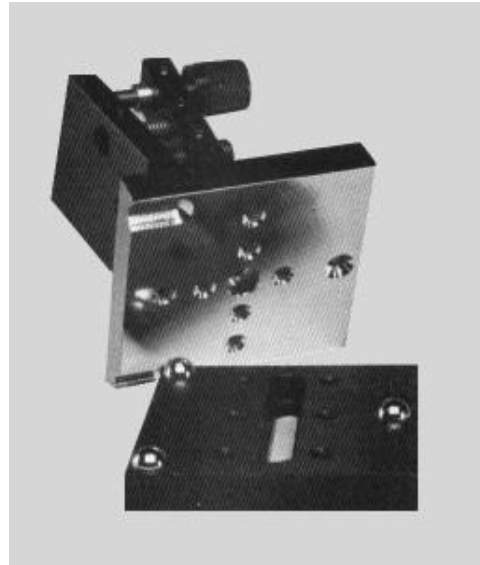

[2 ROD RAIL ENDPLATE & BASE](#) [KINEMATIC MIRROR MOUNT](#)

[NON-MAGNETIC MIRROR MOUNT](#) [POST ASSEMBLY & BASE](#)

[HORIZONTAL SLIDER ASSEMBLY](#) [VERTICAL SLIDER ASSEMBLY](#)

KINEMATIC BASE

- Materials:
 - Balls (chromed)
 - Bottom mating plate (aluminum)
 - Top mating plate (stainless steel)
- 3" Square pattern with 1 centerline holes and a slot for convenient mounting anywhere, any position on table, breadboard, post or slider assemblies

- Top mounting plate accommodates components
- Kinematic repositioning with easy, accurate repeatability
- Stainless steel top mounting plate uses gravity instead of clamps to prevent movement
- Kinematically mating top and bottom plates with chromed balls provide accurate relocation
